LOCATION: 9510 ELK GROVE-FLORIN ROAD, ELK GROVE, CA | TRIGG CENTER BOARD ROOM

Elk Grove Unified School District (EGUSD) offers multiple opportunities to make a difference in people's lives. As we magnify our efforts to recruit the best and the brightest, we also want educators and staff who reflect the diversity of our educational community.

Past and present employees see EGUSD as a large magnet attracting and retaining life-long learners interested in developing their teaching careers or in becoming educational administrators. Many former students of EGUSD make up the fabric of our workforce as home-grown educators and leaders.

Our district continues to grow and, as the fifth largest district in the state, we need people committed to developing 21st century learners. Within the communities we serve, we plan to build several new schools and in order to reach this goal, we're also seeking staff dedicated to continuously improving their own skills and leadership abilities.
